

The Life Place — In App Privacy Policy (POPIA)

Effective date: 01 Nov 2025

Who we are

The Life Place (NPC) (“we”, “us”, “our”) provides this mobile app to help our community connect, request prayer, view messages, follow events, and access giving options.

What we collect in the app

- **Prayer requests:** name (optional) and request text (may include special personal information such as religious or health information).
- **Contact details** (optional): if you include email or phone in your request.
- **Technical data:** basic telemetry needed for the app to function (e.g., crash/error logs). We do not track you across other apps.
- **Giving:** when you tap Give, a website page opens. Any cookies/consent on that page are managed by the website.

How we use your information

- To share prayer requests with our authorised prayer team and to respond if you ask us to.
- To operate, troubleshoot, and secure the app.
- To present community content such as messages, events and links.

Our legal basis (POPIA)

- Consent: we rely on explicit consent for prayer requests because they may include special personal information.
- Lawful processing/legitimate interests: to operate and secure the app and communicate with you when you request it.

Where we store it & international transfers

We use reputable service providers that may host data outside South Africa. When we transfer personal information internationally, we take reasonable steps to ensure it is protected under POPIA (including appropriate contractual safeguards).

Sharing

- With authorised volunteers/staff (e.g., prayer team) for the purposes described.
- With service providers (“operators”) acting under our instructions (e.g., data hosting, email delivery, limited analytics for app operation). We do not sell your personal information.

Retention

Prayer requests are normally kept for 6–12 months and then deleted or anonymised, unless we need to keep them longer for legal or operational reasons. You can ask us to delete earlier (see “Your rights”).

Your rights (POPIA)

- Request access to your personal information.

- Request correction or deletion.
- Object to or restrict certain processing.
- Withdraw consent at any time (this does not affect processing already completed).
- Lodge a complaint with the Information Regulator (South Africa).

Children

We do not knowingly collect children's information without a responsible adult's involvement. Parents/guardians may contact us to exercise rights on a child's behalf.

Security

We implement reasonable technical and organisational safeguards (e.g., role based access, encryption in transit, least privilege access, and logging).

Cookies & tracking

Native apps do not use web cookies. Web pages opened in the app (such as giving) may use cookies under their own policies. Please see our website Privacy & Cookie Policy.
